

Important Update: Options to Leave Israel by Flight

Following the recently published aviation framework, those wishing to leave Israel can now book flights to a variety of destinations via Israeli airlines.

The recommended, most efficient, and convenient way to secure travel is to purchase flight tickets directly from the airlines. Flights are currently available through:

- El Al
- Israir
- Arkia
- Air Haifa

We strongly recommend that passengers use the official websites of the airlines or authorized travel agents.

Assistance for Urgent and Exceptional Cases:

Tourists and foreign nationals facing urgent or exceptional circumstances who require assistance coordinating with airlines are invited to submit a dedicated assistance form to the Ministry of Transportation at the following link:

<https://govforms.gov.il/mw/forms/ForeignCountryLeave2026@mot.gov.il?displang=en&gbxid=0>

Please Note:

- Submitting the form does not constitute a guarantee or commitment to booking a flight.
- The form is intended only for those who are unable to book a flight through regular channels and require assistance in an emergency or exceptional circumstances.
- Once assistance has been provided, passengers are required to purchase their flight ticket directly from the airline.
